- Cable & Infrastructure Management
- Access Controls
- Traffic Barriers
- Adjustable Desks & Beds

## Commercial Solutions

- Cable & Infrastructure Management
- Garage Doors
- Traffic Barriers
- Roller Shutters
- Biometric Systems
- Automated Sliding Doors
- Electric Curtains
- Office & School Adjustable Desks

# Previous

## SIGNIFICANT PROJECTS

# KIHINGO VILLAGE

At the Kihingo Village, our expertise shone through with the implementation of biometric systems, garage doors, and access control solutions. The biometric systems provided a robust security layer, while the garage doors and access controls added convenience and control, contributing to a safer and technologically advanced living experience for the residents.

# THE SENATE

In collaboration with the Senate, our team executed a comprehensive automation project integrating cutting-edge sound systems aligned with advanced video conferencing capabilities. The solution not only enhanced the auditory experience but also seamlessly integrated with sophisticated access controls, ensuring a secure and efficient environment for the Senate's crucial operations.

# ROSSLYN GROVE

Under the esteemed Grit Real Estate banner, our team successfully implemented a multifaceted automation project at the Rosslyn Grove. This involved the installation of roller shutters, garage doors, access control solutions, and boom barriers. The roller shutters and garage doors ensured enhanced security, while access control and boom barriers contributed to a seamlessly controlled environment, reflecting our commitment to excellence in real estate automation.

A hand is shown in the foreground, using a black calculator. The background is a blurred image of a person's hands writing on a document. The entire scene is overlaid with numerous colorful icons representing business and finance, such as a gear, calendar, smartphone, pencil, document, plus and minus signs, a magnifying glass, a bar chart, a gift, and a server rack. The word "VALUE" is prominently displayed in the center in a large, bold, blue font.

# VALUE

**Our Value Proposition**

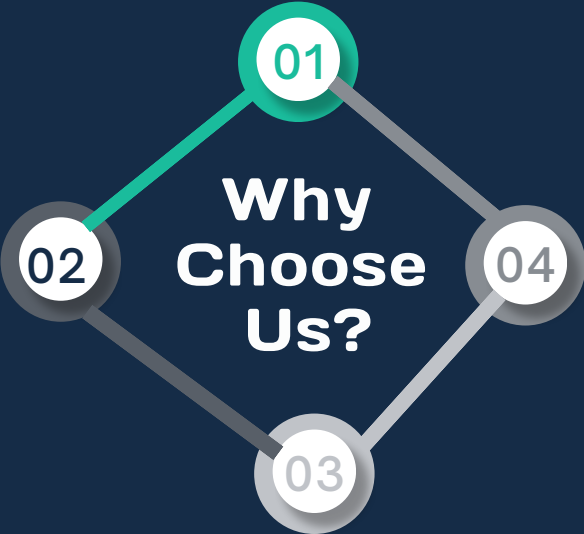

## Expert Engineers

At Carlson Technologies, we're more than tech enthusiasts; we're expert engineers. Our team's deep industry knowledge ensures that every solution we design is a masterpiece of reliability and innovation.

## Customized experiences

No two spaces are alike, and neither are our solutions. We take the time to understand your unique needs, crafting automation experiences that match your preferences and lifestyle.

## Sustainability Focus

We're not just about convenience; we're about sustainability. Our solutions help reduce energy consumption, contributing to a greener future.

## 24/7 Support

Our commitment extends beyond installation. Enjoy round-the-clock support from our dedicated team, ensuring your automation systems work flawlessly.
